

## PeerRX™ Fact Sheet

Decreased criminal justice involvement (Rowe, et al., 2007; Mangrum, 2008)

Decreased emergency service utilization (Kamon & Turner, 2013)

Reduced relapse rates (Boisvert et al., 2008)

Reduced re-hospitalization rates (Min et al., 2007)

Reduced substance use (Bernstein, et al., 2005; Boyd et al., 2005; Kamon & Turner, 2013; Mangrum, 2008; O'Connell, ND; Rowe, et al., 2007; Armitage et al., 2010)

Value of peers in supporting recovery from substance use disorders, SAMSHA, 2017

PeerRX™ is a new app that facilitates rapid peer response. Used in various settings such as emergency departments and 911 call centers, PeerRX™ has proven to find and deploy peers in minutes. In fact, PeerRX™ has shown to cut the time to find a peer from 1.4 hours to under 7 minutes. This reduction in time can help hospital throughput, reducing wait times and left without treatment (LWOT) incidents. Additionally, in the first launch month, a peer provider reported a 255% increase in ED peer referrals and 100% transition into treatment, improving the chances of reducing potential emergency department utilization and costs. Using PeerRX's Intelli-match technology, patient engagement can improve, bridging the gap between health systems and patients for cost-saving care coordination.

PeerRX™ runs on any desktop, tablet or mobile device and can be accessed from anywhere to find a peer.

Sign up in 3 simple steps:

1. Register your facility.
2. Get approved by the PeerRX™ team.
3. Start calling for peers.

Your facility will choose the preferred peer providers in the area so PeerRX™ will know which

peers to alert.

Following your registration, PeerRX™ will inform your area's agencies that your facility signed up.

PeerRX™ sends your peer requests directly to the peers qualifying for the referral. In seconds, area peers will respond.

The peer that *best matches* the client's preferences and need will receive a PeerRX™ notification to proceed to the client. If

your facility has ON SITE peers, PeerRX™ will only send referrals to them.

**Fast, efficient, healing.™**

## PeerRX™ Rapid Response

### For Hospitals/Facilities

- Call for SU, MH or Co-Occurring peer support
- Facilitate transition to community peers effortlessly
- Find peers in minutes
- Support patient preferences
- Offer nurses a simple, fast tool

### For Agencies/Peer Suppliers

- Respond rapidly to area needs
- Monitor facility requests
- Manage peer activity
- Streamline operations

All referral requests and data is stored for advanced reporting of area needs and volume.
