Value of peers in supporting recovery from substance use disorders, SAMSHA, 2017

PeerRX™ is a new Uber-like app that helps find area Substance User, Mental Health and Co-occurring peers fast. Peer suppliers reported a 255% increase in ED peer referrals in the first month of use! Area peers receive texts right to their mobile phones and deploy immediately. Locations using PeerRX set their peer supplier preferences to alert only those peers with existing relationships/MOUs. Used in various settings such as emergency departments and 911 call centers, PeerRX™ has proven to cut the time to find a peer from 1.4 hours to under 10 minutes. PeerRX™ provides reports and analytics so peer suppliers can easily track their peers and gain insight into area needs. Sign up and start using PeerRX™ in 10 minutes at [www.peer-rx.com](http://www.peer-rx.com).

PeerRX™ runs on any desktop, tablet or mobile device. Your peers will receive texts to their mobile phone! Easy, right?

Peer Suppliers sign up in 3 simple steps:

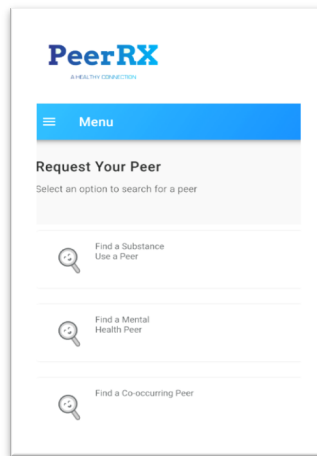

1. Pick a subscription plan and register.
2. Get approved by the PeerRX™ team.
3. Enter your peers.

Once you sign up, your

peers can start receiving area alerts!

PeerRX™ will send your peers requests via text—no more phone tag! Peer requests will go directly to the peers qualifying for the referral. Supervisors will get the texts too, so they can stay informed about their peer's activity.

In real-time, you can check the PeerRX™ dashboard (shown below) to see the activity in your

community. Easy, right? **A Healthy Connection.™**
